

Leadership Grant

RANZCO, through the generous support of Avant, is pleased to offer Leadership grants to RANZCO Fellows.

Two grants of \$7,500 each are available – please see conditions and selection criteria below for further information.

Conditions

Participants of the current RANZCO LDP 2016-2017 cohort are eligible for the grant.

The grant of \$7,500 (AUD) can be used for payment or co-payment towards attendance of any intensive or short course (not exceeding two weeks) that has a leadership component or aspect that complements the RANZCO LDP. For guidance, a list of acceptable courses is included (attached). However, candidates may choose other options that are more suitable for their development.

Pre-approval should be sought from the Leadership Development Committee by the successful candidate prior to enrolment in any course.

Successful candidates will be required to produce a report for publication in Eye2Eye.

Successful candidates are required to actively seek participation in a standing Committee of the College.

Successful candidates need to complete the course no later than 30 September 2018.

Recipients will receive 70% of the funds upfront and the remaining 30% of funds once a report of grant activities has been submitted to RANZCO (which will be shared with Avant) within one month of completing such activities.

Selection criteria

The selection panel will comprise RANZCO President, CEO, and Leadership Development Committee.

The LDP grant candidates will be chosen based on the self-directed project undertaken as part of the RANZCO Leadership Development Program, specifically:

- i) the planning and execution of the project
- ii) the contribution to RANZCO and/ or other organisation
- iii) stakeholder engagement and the community benefit resulting from the project
- iv) the quality of presentation of the project at RANZCO Congress in Perth, and
- v) the impact of the project.

For more information please contact Gerhard Schlenker gschlenker@ranzco.edu
