39th Annual Cornea Society & Eye Bank Meeting

Sheraton Hotel, Melbourne
7-8 March 2024

RANZCO
The Royal Australian and New Zealand College of Ophthalmologists
THE LEADERS IN COLLABORATIVE EYE CARE

WELCOME

Dear Friends & Colleagues,

It is with great pleasure we invite you to the 39th ANZCS and Eye Bank Meeting to be held in Melbourne, Australia on March 7-8 2024.

Following the success of the 38th meeting in Perth in 2023, we aim to continue this important platform in the Australia- New Zealand region for eye bank staff, visual scientists, and subspecialist ophthalmologists, to share their expertise, explore novel discoveries, and most importantly to forge and renew friendships.

The 39th ANZCS and Eye Bank meeting will be held in Victoria, at the Sheraton Melbourne Hotel. This hotel is desirably located at the Paris end of Little Collins Street, providing guests the opportunity to be directly immersed in the centre of Melbourne's famed laneway culture and community whilst on the doorstep of Melbourne's best shopping, theatre and dining precincts.

The Scientific Program Committee is engineering an exciting program, covering major developments in our fabulous subspecialty. Program highlights include invited speaker Dr Soosan Jacob, an innovator who performed the first CAIRS surgery for keratoconus. She will be providing valuable insights into her technique

We believe that the meeting will deepen the understanding and knowledge of Cornea, and foster friendships through our unique, intimate scientific and social programs.

We look forward to welcoming you to Melbourne,

Yours sincerely

ANZCS Organising Committee

A/Prof Elaine Chong, Dr Elsie Chan, Dr Nathan Wong & Dr Dermot Cassidy.
