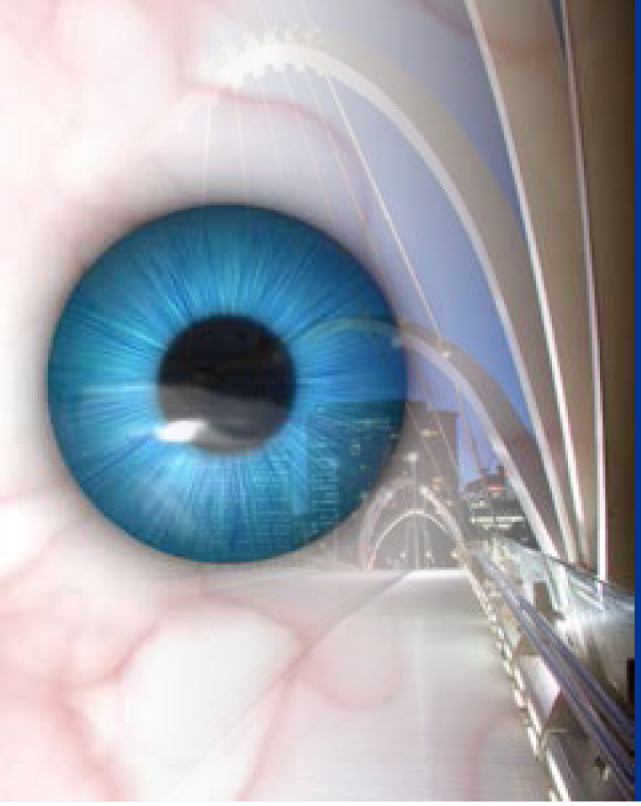
RANZCO VICTORIA BRANCH ASM

RANZCO
The Royal Australian and New Zealand College of Ophthalmologists
THE LEADERS IN COLLABORATIVE EYE CARE



Welcome

Dear Colleagues

We are very much looking forward to seeing you at the 2024 RANZCO Victorian Branch Annual Scientific Meeting on Saturday 2nd March. Our venue is again at the Park Hyatt, Melbourne. We encourage you all to register and participate in the diverse and contemporary program. The invited speakers are Prof Helen Danesh-Meyer who will take us through the mysteries of neuro-ophthalmology and Prof Daniel Rischin who will provide an update on what can be done with an unresectable SCC.

This year's meeting will include highlights from many subspecialties. There will be a sensational Grand Guignol presenting complex and dramatic retinal cases, a panel discussion on cataract cases will highlight a wide variety of IOLs and talks on cybersecurity for the clinician.

Yours sincerely

A/Prof Susan Carden

Vic Branch Chair.

Early bird registrations closes on Friday 16th February

Scientific Organising Committee

A/Prof Elaine Chong, Dr Anu Mathew & Dr Robyn Troutbeck
